People can't "go West" this fall, on account of the hard times and scarcity of money.

The only Republican paper in the State that has endorsed Judge West's Communionism, is Deacon Richard Smith's Cincinnati Gazette.

The Workingmen's State Ticket nominated at Cincinnati, is composed entirely of Republicans. It is too good to divide the party in that way.

Within the past week the workingmen of Pittsburgh have organized twenty Greenback clubs. What the workingmen want is more money and less bonds.

Read the able and eloquent speech of Hon. E. B. Eschman, delivered at the Senatorial Convention at Mt. Vernon, as printed on the first page of this week's paper.

The Republicans now admit that they made a mistake in not nominating Private Dalzell, the Noble county candidate, for Governor, instead of Judge West, the Communionist.

The Philadelphia Times (Independent) says that the success of the Republican ticket in Ohio "must imply social anarchy and the death-knell of all prosperous industry."

There is a report that John W. Garrett, Esq., will soon retire from the Presidency of the B. & O. Railroad, and that his place will be taken by Mr. Keyser, at present the Second Vice-President.

The steamer Eten was wrecked off the coast of Chili on the 15th of July, about sixty miles north of Valparaiso, and about one hundred lives were lost, including the commander of the vessel.

Our Republican friends are in trouble to know where the funds to carry on the campaign are to come from, since Hayes issued his order prohibiting the office-holders from taking part in politics.

Judge West's friends say he is not a Communionist, but only a "dreamer." Well, the people of Ohio wish a wide-awake honest, business man for Governor, and not a visionary schemer and dreamer.

The colored men of Cincinnati have formed a Democratic Club, and have issued an Address in favor of the election of Hon. R. M. Bishop, and in opposition to Judge West, the Know Nothing-Crusader-Communionist.

The Republicans can "go West" as much as they please, but the Democrats of Ohio propose to stay at home this year, raise big crops, and inaugurate better times by electing honest Dick Bishop-Governor of the State.

On the question of locating the Capital of West Virginia, the vote shows a majority of about three thousand in favor of Charleston over Martinsburg and Clarksburg. The Capital will remain at Wheeling until 1885.

As evidence of the Republican good times now enjoyed by the country, we may state that the last Hardin county Democrat contains no less than thirty-four and the Stark county Democrat no less than twenty-nine Sheriff's sales.

The conclusion of the Bergin Murder Trial is presented to the readers of the BANNER in this week's paper. There is but one sentiment among our people in regard to the verdict in this case, viz.: that it is just, legal and righteous.

The employees of the B. & O. Railroad machine shops, at Baltimore, numbering about one thousand men, are greatly gratified with an order of the Company increasing the time of work from 9 to 10 hours per day, which amounts to an increase of 11 per cent. on their wages.

The Newark American (Rep.) says Judge West was unfortunate in his Cleveland speech, or was unfortunately reported. Not even Stanley Matthews' Bureau of Labor will be able to compel employers to pay their operatives, and then divide the profits which they have or have not made.

General Garfield is of the opinion that "President" Hayes' order to the office-holders will do the Republican party more damage than his Southern policy. He thinks a great many dissatisfied Republicans will stay away from the polls next October, but will not vote the Democratic ticket.

The Newark Advocate appears in a new and beautiful dress; but really the paper looked so neat, clean and clearly printed before, that no one, unless possessed of very sharp eyes, could discover the improvement in the typography. The Advocate is one of the best supported county papers in Ohio.

As Mr. Secretary-of-State Sherman has opened the political campaign in Ohio in behalf of his party, it will now be in order for Secretary Schurz to "keep the ball rolling." But, ah! we had almost forgotten that Schurz receives a \$500 fee besides free passes on the Railroads, before he consents to untie his gas bag.

Organized for the Fight.

There was a conference meeting of the prominent members of the Ohio Democracy and the State Executive Committee on Friday afternoon of last week in the dining-room of the Put-in-Bay House, Put-in-Bay, Ohio. The attendance was very large, there being fully one hundred gentlemen present. Among them were J. F. McKinney, of Miami; John McCreary, of Cincinnati; John Zimmerman, of Wooster; Henry B. Payne, of Ohio; Judge Rufus Spalding, of Marion; General Schofield, of Marion; General Drinkerhoff, of Mansfield; Dr. E. B. Finley, of Bucyrus; Judge Kenney, of Ashland; Wm. Bell, of Newark; R. J. Bancroft, of Batavia; John Townsend, of Greenville; L. M. Midley, of Lima; Ezra S. Dods, of Toledo; James K. Newcomer, of Marion; H. E. O'Hagan, of Sandusky; Frank G. Davis, of McConnellsville; E. J. Packard and Colonel Brown, of Youngstown; R. D. Rote, of Cuyahoga. John G. Thompson was President and E. B. Eschman Secretary.

Mr. Thompson announced the object of the meeting to be for the purpose of fixing the time and place for the beginning of the campaign.

Stirring speeches were made by Mr. Healey, of Cleveland, General Drinkerhoff, Judge Spalding, Hon. Henry B. Payne, John McCreary, of Wooster, D. A. Hoak, of Dayton, Hon. Milton Saylor, and others, after which the following resolution was adopted:

Resolved, That the conduct of the campaign be intrusted to the State Executive Committee, and that it shall be opened as soon as practicable, not later than the 25th inst.

Cleveland was chosen as the point at which to open the campaign, and Henry B. Payne was selected to give the key-note at that point. It is understood that General Ewing, Geo. H. Pendleton, Senator Thurman, John McCreary, General Rice, Colonel Hawk, and Messrs. Hurd, Southard, Hawk, Spalding, and others, will follow Mr. Payne in various meetings throughout the State.

A Republican Revolt in Columbus. In no part of the country has the policy of the Hayes Administration met with more determined opposition than in the City of Columbus; and although strenuous efforts were made to suppress this opposition, it has at length burst forth in open rebellion. On Thursday evening of last week a meeting of dissatisfied Republicans assembled at the Board of Trade rooms in that city, when Gen. John Beatty, an ex-member of Congress from this district, and at present President of the Citizens' Bank, was called to the chair, and Fred R. Bone, was appointed Secretary. A committee, consisting of Judge L. W. Wood, Colonel Chas. A. Moore, Dr. C. B. Ferrel, W. E. Lovejoy, Dr. J. T. Farrel, J. T. Williams and Gen. Samuel Thomas, President of the Rolling Mill Company, was appointed to draft resolutions expressing the sentiments of the meeting. During the absence of the committee, ringing speeches were made by Luther Donaldson, General Beatty and others, denouncing the policy of the Administration, and that part of the Republican State platform that approves the former. The following among other resolutions, was adopted:

Resolved, That we denounce the second resolution of the Cleveland Convention as inconsistent with its professed declaration of fidelity to the principles of the Republican party; as a false and unwarranted expediency; as a libel upon the Republicans of Ohio, and unworthy the grand record of the party.

After the resolutions were adopted the following State Executive Committee was formed: General John Beatty, General Samuel Thomas, Colonel C. H. Moore, A. T. Meek, Fred B. Roney and H. L. Jones. This Executive Committee is instructed to communicate with dissatisfied Republicans throughout the State, with a view to elicit expression of opinion as to the course to be pursued with reference to the State campaign.

Secretary Sherman at Home. Hon. John Sherman, Secretary of the Treasury, arrived at Mansfield on Saturday last, and immediately some of his political admirers set to work to obtain signatures to an invitation for him to deliver a speech, which was all perfectly well understood and arranged before he left Washington.

This speech is to give the key-note to the Republicans of Ohio during the present campaign; and although the bogus "President," in his hypocritical talk about "civil service reform," pretends to be opposed to office-holders taking part in politics, no doubt this Sherman demonstration has been gotten up with his consent and approval. But "Slippery John" can never get the people of Ohio to endorse his ruinous and infamous resumption policy, which is only calculated to destroy the industrial interests of the country.

Ohio Editors' and Publishers' Association. The Committee of arrangements for the Ohio Editors' and Publishers' Association met at Toledo on Friday afternoon last, and arranged for the annual meeting to be held in that city on Thursday and Friday, September 20th and 21st. Hon. Joseph Medill, of the Chicago Tribune, is to deliver the annual address, and Wm. D. Gallagher, Esq., of Louisville, Kentucky, reads the annual poem. There will be a banquet, an excursion on Lake Erie, and other enjoyable exercises.

Hartford Times: Judge West, the Republican candidate for Governor of Ohio, is not very clear as to his own views. He merely knows that his belief is in "no expansion, no contraction, no depreciation." He fairly matches the old slave who said "didn't know but it was best to destroy Satan's kingdom, but after all didn't want any thing wasted."

Old Ben Wadsworth has been interviewed. Of course he don't like Hayes' Southern Policy, which handed over two States to the Democracy. O. B. W. thinks Hayes should have supported the Chamberlain and Packard Governments with troops, and in that way South Carolina and Louisiana might have been preserved to the Republican party.

Judge West, the Republican candidate for Governor, having discovered that his Communion speech at Cleveland, has been bitterly denounced by the men of property in his own party, is now attempting to explain away his obnoxious features. But all this only goes to prove that West is a demagogue and fraud.

The Democracy of Delaware county on Monday, nominated the following ticket: David H. Elliott for Representative, General Eugene Powell for Auditor, and J. H. Warren for Treasurer. The resolutions endorse the Columbus platform, express sympathy with the laboring men, not with the strikers.

The statement that the Baltimore & Ohio Railroad company had presented a bill against the National Government for the transportation of troops to protect its property, is authoritatively denied by Vice-President King.

A Workingmen's State Convention.

A delegation of workingmen representing Cincinnati, Cleveland, Xenia and Hamilton, numbering about one hundred persons met in Cincinnati on Saturday last, and nominated a straight workingmen's ticket as follows:

For Governor—L. H. Bond, of Cincinnati.
For Lieutenant Governor—Francis Skard, of Cleveland.
For Treasurer—L. H. Hine, of Loveland.
For Clerk of the Supreme Court—Henry Arnsperger, of Cincinnati.
For Board of Public Works—P. G. McGee, of Xenia.
For School Commissioner—Peter H. Clark, of Cincinnati.

The resolutions denounce guerrilla warfare against individual employers; ask for a law in favor of money, make eight hours a day's work; make employers liable for all accidents to the injury of their employees; repeal all patent laws to the detriment of labor; oppose tariff laws, and demand direct taxation; favor government assuming the management of all Railroads and telegraphs, &c., &c.

The workingmen in other portions of the State repudiated this Cincinnati Convention, and declare that it was a mere local affair, managed in the interest of a few individuals, who work with their tongues instead of their hands. Another Convention is talked of.

Bloody Battle with the Indians.

A terrible battle between General Gibbon's command and the Nez Perce Indians, was fought on Big Hole River, Montana, August 9th. Gibbon's command consisted of 182 men, 17 officers, 133 regulars, and 32 citizen volunteers. The fight began at daylight, and continued furiously for two hours, when the soldiers charged on the Indian lodges, but were repulsed. The fighting was desperate on both sides, the full force of the Indians being in the fight. Captain Logan and Lieutenant Bradley were killed. General Gibbon, Captain Williams and Lieutenants Coolidge, English and Woodruff were wounded—General Gibbon only slightly. Bradley was the first man killed. General Gibbon thought, when the courier left, he still had a hundred effective men, and believed the Indians had nearly all withdrawn from his front. His messenger says he thinks the command, including citizens, were killed or wounded. General Gibbon has sent for medicines. General Gibbon has sent for medicines. General Gibbon has sent for medicines.

Republican Row in Maine. The Maine Republican State Convention which met at Augusta on Thursday of last week, was largely attended and very boisterous. All the party leaders were there, including Senator Jim Blaine. Among the resolutions was one endorsing "the integrity, patriotism and statesmanship of Rufus B. Hayes." This was received with applause, cheers, hisses, howls, and cat-calls. A substitute was offered declaring "Governor Packard of Louisiana, and Governor Chamberlain of South Carolina, were entitled to their respective offices by the same votes which elected Rufus B. Hayes President of the United States," &c., which met with about the same favor and disfavor as the other resolution. After a stormy debate, which came well-nigh terminating in open fight, Jim Blaine assumed to play the part of peacemaker, and moved that both resolutions be laid on the table, which was not agreed to, and amidst the wildest excitement and a chaos of confusion the first resolution, endorsing his fraudulence, was declared adopted.

Virginia Democratic State Convention. The Democracy of the Old Dominion had a two-day's State Convention at Richmond on Thursday and Friday of last week, for the purpose of nominating a State ticket. The excitement was intense, as the main question before the body was that of repudiation of the enormous and burdensome State Debt, created by the carpet-baggers and negroes. The candidate for Governor was William Mahone, one of the wealthiest men in the State; but the highest vote he received was 472, being about one-third of the Convention—the balance of the votes being divided pretty equally among the anti-repudiation candidates.

On the 7th ballot a new candidate, in the person of Hon. J. W. Holliday, was proposed, and he was nominated triumphant. Thus the Democracy of Virginia, while they abhor their enormous debt, created by a gang of infamous scoundrels, have declared that it shall not be repudiated, and that "the honor of the State must be preserved."

The Western Tobacco Journal and Wine and Liquor Reporter, a non-political Cincinnati publication, has the following gratifying paragraph in regard to Hon. R. M. Bishop, the Democratic candidate for Governor:

"We have never witnessed a more cordial greeting by the business community, of a nomination for an important office, than that accorded Hon. R. M. Bishop, by his friends and acquaintances, regardless of parties, in this city. Without hazarding an opinion as to what the result of the coming election in the state will be, it seems positive from the evidence that Mr. Bishop will carry Hamilton county by an immense majority, not through partyism, because he is regarded as a safe, substantial, thoroughly intelligent and every way a desirable man for the gubernatorial office. He enjoys the reputation of doing right regardless of consequences and no merchant stands higher among those who know him for unblemished honor and probity."

The telegraph brings us the most horrible accounts of the brutal and fiendish conduct of the Turks in the present war. As a specimen of their barbarity, we may mention that on July 31st, the day of the evacuation of Eski-Sagra, the Turks ordered that all Christians, men, women and children, should be shot as they left their houses. Those who remained within were burnt alive. An order was given to burn down and destroy every particle of Christian property. Many leading Turkish merchants took part in the affair.

Rutherford B. Hayes, the so-called "President," attended a German shooting-fest at Washington, the other day, in company with Carl Schurz, and the two participated in the German custom of drinking wine and beer. Mrs. Hayes didn't attend, but she sent a lot of flowers, with her compliments. The Puritanism of the White House seems to be loosening at both ends.

Proceedings of the Senatorial Convention of the 17th and 28th Districts.

Mr. GLEAD, O., Aug. 2. At eleven o'clock the convention was called to order by Hon. Abel Hart, of Mt. Vernon, chairman of the Senatorial Committee.

The convention then proceeded to elect a temporary organization, which was done by selecting Hon. E. B. Eschman, of Wayne, as chairman, and E. J. Duer, of Holmes, as secretary, which was afterward, on motion, made the permanent organization. The following assistant secretaries were appointed: John C. Merrin, of Knox, Marion Williams, of Morrow, and Col. B. F. Eason, of Wayne. Also, the following Vice-Presidents: R. French, of Holmes, Andrew Caton, of Knox, Allen Levering of Morrow, and John Leatherworth of Wayne.

Committee on Credentials—H. D. McDowell, of Holmes, John S. Braddock, of Knox, P. P. Morrison, of Morrow, and John E. McBride, of Wayne. Com. to Select a Senatorial Com.—H. Reed, of Holmes, Hon. Abel Hart, of Knox, T. C. Cunard, of Morrow, and Col. B. F. Eason, of Wayne.

The committee on credentials then reported, seats full and no contests. The committee to select a Senatorial Committee reported the following names: H. D. McDowell and H. Reed, of Holmes, John Thompson and Abel Hart, of Knox, Geo. B. Thompson and W. P. Morrison, of Morrow, and E. B. Eschman and John Zimmerman, of Wayne.

On motion, the convention then proceeded to the nomination of a candidate for Senator, for the 17th and 28th Districts, composed of the counties of Holmes, Knox, Morrow and Wayne.

Col. B. F. Eason, of Wayne, nominated John H. Benson, of Morrow, and H. D. McDowell, of Holmes, seconded the nomination, made by Wayne. Thereupon Col. B. F. Eason moved a suspension of the rules, and that John H. Benson be nominated by acclamation, which was carried unanimously, amid the greatest enthusiasm.

The committee on resolution then reported as follows:

1. Resolved, That this convention heartily ratify the candidates nominated at Columbus by the Democratic Convention.

2. Resolved, That the platform adopted by said convention be hereby cordially endorsed, and that while the financial panic meets our special approval, Duncan's registration law deserves our unqualified condemnation.

A committee was then appointed by the Chair, consisting of H. D. McDowell, of Holmes, Hon. Abel Hart, of Knox, Geo. B. Thompson, of Morrow, and John E. McBride, of Wayne, to wait upon John H. Benson and inform him of his nomination, and after being out a few minutes reappeared in Benson's hall, where they mounted the stage and made a few appropriate remarks, fitting to the occasion.

The proceedings of the convention were ordered to be printed in the Democratic Standard, in which it is believed, after which the convention adjourned.

Hon. R. M. Bishop's Letter of Acceptance. COLUMBUS, O., August 3.—The following is the letter of acceptance of Hon. R. M. Bishop, the Democratic candidate for Governor of Ohio:

CINCINNATI, August 2, 1877.

Hon. J. H. Benson, John G. Thompson and H. E. O'Hagan, Committee: GENTLEMEN—Your official communication of July 27, informing me of my nomination for the office of Governor, by the Democratic State Convention, is at hand, and I appreciate the high honor conferred by the Democracy of Ohio, and while I am keenly alive to the great responsibilities I assume, I trust, if elected, to be able, under Providence, to discharge faithfully and impartially the duties of the position.

It is sufficient for me to say that the principles adopted by the CONVENTION have my cordial endorsement. They are wise and patriotic, and if properly executed in the administration of the Government, will greatly tend to restore confidence and prosperity to the country.

We are now passing through a crisis in our commercial if not National existence. Capital and labor are seeking to adjust their respective rights. This adjustment will require most thoughtful consideration and deliberation. In so far as it may depend in any degree upon the action of our State Government, I would certainly do my utmost to effect it on terms beneficial alike to the laborer and the capitalist.

The times call for most discreet management and economical administration of public affairs. The more assertion of principles will not meet the emergency. They must be vitalized and energized so as to restore confidence to our financial, commercial and industrial pursuits.

If called by the people to the head of the administration of affairs in this State, I shall endeavor, by a conscientious discharge of the duties of the office, to guard the interests of the public, to merit the respect and commendation of all the people, irrespective of party. Respectfully yours, R. M. BISHOP.

Hon. R. M. Bishop at Home.

Judge West, the Radical candidate for Governor, has always been a fanatic of the extremist type.

In 1854 he was an ultra Know Nothing, and took a solemn oath that he would never vote for a foreigner or a Catholic for any office whatsoever. In 1874 he was a Crusader of the most violent description; and now, he is an avowed Communionist, in favor of dividing the property of the industrious and thrifty with the lazy and vicious.

General Crook has declined service as a member of the Sifting Bill Commission, and General Terry will be detailed to act in his stead. Colonel Corbin, Ex-Military Secretary of the President, will be Secretary of the Commission. The Commission will be instructed to make no negotiations with the "Big Injun" until he surrenders himself as a prisoner of war and gives up his arms.

THE LATEST AND MOST BEAUTIFUL PRODUCTION OF

PHOTOGRAPHY!

They are Made at CROWELL'S Gallery,

Where Specimens Can Now be Seen.

As it does not seem to be generally known that we do all kinds of copying from Pictures—and as agents for so-called copying companies always represent that they have some special way of producing copies which is better than the methods used in the Galleries—I wish to say that we are prepared to make a copy from any kind of a Picture, and make it of any size, and on any material that is used for the purpose—either Plain or in India Ink, Crayon, Pastel or Colors, and at about one-third less price than is asked by agents. It will readily be seen that the agent must make a profit, and in fact he usually asks about double the price charged by the Photographer, who does the work. By dispensing with the services of this MIDDLE MAN, and doing your business direct with your home Photographer, you will save this commission, and have your work done by a responsible party, whose guarantee of good work amounts to something.

We also have on hand a stock of the NEW and BEAUTIFUL ARTIFICIAL IVY and AUTUMN VINES for DECORATING PURPOSES. Come and see them.

Our stock of FRAMES, VELVET CASES, STEREOSCOPES, VIEWS, etc., is full, and offered at lower prices than ever before seen in Mt. Vernon.
